## GIN INSURANCE

The season for insuring gins is about here, and I am better equipped than ever to handle this class of business. My companies' rates are as reasonable as the hazard will admit and are as low as any reliable company.

I am also in position to insure country property—i.e. dwellings and country stores.

Nothing but Reliable and Strong Companies Represented

I am agent at Bryan for the Oliver Typewriter, the only standard visible writing machine.

## CASES IN MISSISSIPPI.

Eleven Are Reported as Happening at Mississippi City.

## ARE JUST LEARNED.

All the Other Gulf Towns at Once Instituted Quarantine—Parishes of Louisiana Report Some More Cases.

New Orleans, Aug. 17.—Following is the official record up to 6 o'clock Wednesday evening: New cases, 66; total cases, 1146; deaths, 4; total deaths, 176; new foci, 19; total foci, 248; cases under treatment, 414.

With little variation in the daily record, it naturally follows that there is no material change in the situation and none is looked for in the immediate future. There is considerable satisfaction to be drawn from the small number of deaths, because it shows two things—one that the type of the disease is not as malignant as at first supposed, and the other, that the authorities are finding about every case in the city. The generally accepted death rate is about 11 per cent. It is about a week ago that the daily record took a jump, one day 105 cases being reported. Since then the daily record has hovered around sixty. While eight days are usually allowed for a patient to recover or die, most of the deaths occur on the fifth and sixth day, so the fact that the deaths Tuesday and Wednesday were small, indicates that all the cases are on the record now and subjected to treatment according to the modern idea. Dr. White said the other day that if he could be assured of having every case in the city under observation and proper treatment, he could stamp out the disease in a short time, so evidently the desired condition is approaching, if it has not already been attained.

There were no prominent people among the new cases, but the majority of them are among the people of comfortable circumstances. Only six of the new foci are above Canal street.

Past Assistant Surgeon Corput found another nest of infection outside of the city Wednesday. He went to St. John parish, fifty miles above the city, on the Mississippi river, and unearthed thirty-three cases, twenty-one of which are in an entirely new focus in and around the town of La Place. He found eight more cases on Diamond plantation, in St. Charles parish, and four more on Terre Haute plantation. The cases at La Place are principally among the better class of people and it seems to be a mild type. He reports that all the houses of the poorer class of people in that section are full of stegomyia, and unless steps are taken immediately to eradicate them the spread will get beyond control.

The state board of health has placed Dr. Corput in control of this work and he will return to that place at once. The state board will also send a physician and nurses to the scene.

Patterson reports six new cases and no deaths.

Points Celeste, in Plaquemine parish, reports two new cases and probably three among as many children, all in the same group. A case was discovered in Redline, in the parish of Acadia, on the Southern Pacific railroad. Surgeon Guiteras visited Lafayette and confirmed the diagnosis of the case there. No others have developed. Assistant Surgeon Goldberger has confirmed the suspicious case which developed in Alexandria. The patient is nearly well.

A special from Gulfport tells of the discovery of yellow fever at Mississippi City, on the Gulf of Mexico, and states that the disease has been there since July 20. It originated in the Harvey boardinghouse there among the family of Major Gee. There have been eleven cases all told and four persons are now under treatment. All of the other coast towns have quarantined against Mississippi City, but there is much resentment over the fact that the existence of the fever there was not discovered until Wednesday.

## FINED AND JAILED.

Well Known Mobian Convicted of Circulating Fever Reports.

Mobile, Aug. 17.—C. W. Cowart, a well known citizen, has been convicted in the recorder's court on the charge of circulating false rumors of yellow fever in Mobile. He was fined \$15 and given thirty days. Cowart had made the statement that yellow fever existed in Mobile and also that certain guards could be bought for a flask of whisky. He could prove neither charge.

Crowley, La., Aug. 17.—Since the announcement of the existence at Lafayette and Rayne of yellow fever the city authorities of Crowley have thrown a guard around the city for the purpose of excluding all strangers not provided with health certificates. This will not interfere with the free ingress and egress of farmers in this vicinity and of persons from uninfected points provided with certificates of health.

## MERIDIAN QUARANTINES.

Meridian, Miss., Aug. 17.—The mayor and board of aldermen and councilmen, upon recommendations of the city board of health and the city health officer, passed an ordinance quarantining against the entire state of Louisiana.

## MISSISSIPPI NOW MUM

That Commonwealth Has an Ample Yellow Fever Trouble.

## ALL IN ONE FAMILY.

Eleven Parties Taken Down at the Seaside Resort of Mississippi City Reside at Carrollton, That State.

New Orleans, Aug. 17.—The announcement of the discovery of a nest of eleven cases of yellow fever at Mississippi City, within three miles of Gulfport, the terminus of the Gulf and Ship Island road, and the fact that the fever has been in existence there since before July 20, the time when announcements were made here, are expected to soften the somewhat severe criticism of Mississippians of New Orleans for failing to find local infection earlier. Before it was known there was fever here there were frequent reports of its existence on the gulf coast, but the inspection has been so rigid along the coast for a month past by Alabama, Mississippi and Federal authorities that the denial of fever in Mississippi or elsewhere was accepted.

The family in which the fever first appeared at Mississippi City arrived there from New Orleans July 2 and the fever is stated to have been in Mississippi since the 20th. The family is that of Major Gee of Carrollton, Miss., which stopped a week in New Orleans on their way to Mississippi City. There are now eleven cases, only one of which is seriously ill. Troops have drawn a cordon around the infected section and every effort will be made by Surgeon Wadsworth of the marine hospital service to confine the disease. All towns on the gulf coast as well as towns on the Gulf and Ship Island road slapped on quarantines.

The really insignificant number of deaths here on Wednesday, at a time when it is expected there will be some increase over the maximum figures already reported, made a fine impression on the local public, confirming frequently the expressed view that the disease was losing its virulence in contact with modern forms of treatment. Of the nineteen new squares infected twelve immediately joining squares were previously reported as infected, showing a slight spread of the disease. A list of eighteen suspicious cases reached the marine hospital officials after the report closed and was under investigation Thursday. A fine showing was made by physicians, forty-seven of the sixty-six cases being reported from private practice. Ten more were reported by the emergency hospital. Twenty-two of the cases are in the originally infected area. Only five new foci are above Canal street, the three adjoining squares being already infected.

Governor Blanchard wired Chairman Janvier of the citizens' committee announcing that he had complimented Surgeon White by making him a colonel on his staff.

Some quarantines tighten and some are loosening. Lafayette, which is very severe in restrictions against New Orleans, now finds herself practically isolated because there is one case of fever there. Crowley called out her military company to guard all avenues of approach to the town. St. Francisville announces she will bar from her midst all drummers and Italians.

The city council of Lake Charles, in defiance of the state board of health, declared no freight can enter the town from New Orleans or other infected points whether authorized by the state board or not.

In Donaldsonville, which has a large Italian population, there has been a mass meeting of Italians which pledged the race to co-operate with authorities in guarding against infection.

There were nineteen new cases and two deaths in this city up to noon Thursday.

## YELLOW FEVER SCARE.

In a Lucid Moment the Patient Said That He Came From Panama.

New York, Aug. 17.—A yellow fever scare was caused in First avenue, Brooklyn, when a doctor summoned to a tenement found John G. Murphy, a laborer, violently ill. In a lucid moment he said he came from Panama a few weeks ago. At the Norwegian hospital the physicians agreed that Murphy had a mild case of yellow fever. The health department was notified and its agent reported that he found certain symptoms of typhoid malaria and had grave suspicions that his fellow physicians were right in their opinion that Murphy has yellow fever. He ordered Murphy placed in an isolated ward. An effort will be made to find out what steamer brought the man here.

## HORNED BY A COW.

Nocona, Tex., Aug. 17.—A wild cow attacked an old man named Hendrix, knocked him down and gored him severely. A wound was inflicted in a thigh that required fourteen stitches to sew up.

## MORE ARMOR PLATE.

Berlin, Aug. 17.—The Japanese government is negotiating with Krupps for fresh orders of armor plate.

### NEGRO SON-IN-LAW.

Temple People Ask Wanamaker Would He Accept One.

Temple, Tex., Aug. 17.—Apropos of the recent Wanamaker-Booker T. Washington incident, a number of Temple citizens sent the following telegram:

John Wanamaker, ex-Postmaster General, Saratoga, New York: In the public press we noticed you dined Booker T. Washington at United States hotel last Sunday as escort to your daughter. We of the south appreciate Booker Washington's ability, but deny his right to social equality with any American, however humble. Such action on the part of the leading Northern citizens has caused the south much trouble. We as a people regret your action and ask would you accept a negro of whatever rank as a son-in-law or on social equality with your family, as you have indicated? We "take no nigger in ours" south of the Mason and Dixon line, and request your reply and explanation.

Signed John H. Stephens, W. C. Hebert and fifty others.

### RUSHED BY.

Engineer Did Not Know of Existence of Quarantine Camp.

Denison, Aug. 17.—Frisco Meteor No. 509 shot by the quarantine north of Denison Wednesday afternoon and caused a stir, as it was thought at first that the act had been deliberate. The engineer upon his arrival stated that he had received no instructions regarding a detention camp north of Denison and when he saw the yellow flag, thought it was a slow order. Agent George W. Green of the Frisco went to the detention camp soon after the train arrived to explain the circumstances and to give the assurance that in future all trains carrying passengers would be stopped.

Katy passenger train No. 1 was the first train stopped at the camp, but no one was taken off. Every passenger on board was required to swear he had come from an uninfected district.

Farmers in San Antonio Section Fast Gathering Fleecy Staple.

San Antonio, Aug. 17.—Farmers through the territory tributary to San Antonio are gathering and marketing their cotton at a rapid rate. Three hundred bales were brought into Wimberly one day last week. In Lockhart the record was broken several times this year so far. Seguin is receiving the largest number of the year in her history.

### Thought Murdered.

Silsbee, Tex., Aug. 17.—The body of a half decomposed woman named Cora was found in the woods, evidently murdered. At first the negroes organized and attempted to lynch or drive away from the town a negro whom they thought guilty of the crime.

### Two to Eleven Points.

New York, Aug. 17.—Cotton market opened weak at decline of 2 to 11 points.

### SAVED BY SCREAM.

Barefooted Black Brute Fled, but an Arrest Was Made.

Paris, Tex., Aug. 17.—A big black barefooted brute effected an entrance into the house of E. P. Collins, a merchant, and attempted to criminally assault his daughter, Miss Daisy, eighteen years old. It happened at 4 o'clock this morning.

When the girl awoke the negro had hold of an arm. She screamed and this awakened her parents. The negro fled, leaving his hat behind.

Officers and citizens at once began scouring the county and at 11 o'clock two miles south a negro answering the description was arrested. He was brought back to town and Mr. Collins is positive the right man was caught. Some slight doubt as to his identity restrained mob violence, but feeling is intense. The captured negro gives his name as Dinwiddie and claims Clarksville as his home. He denies he is guilty, but the hat found at the Collins home has been identified by several persons as the one worn by Dinwiddie Wednesday night.

### TEMPLE HOUSTON DEAD.

Youngest Son of Texas' Great Statesman Expires at Topeka.

San Antonio, Aug. 17.—Mrs. Nellie Houston Bringhurst of this city received a telegram announcing the death of her brother, Temple Houston, at Topeka, Kan.

Temple Houston was the youngest son of General Sam Houston, the Texas patriot. He was for many years prior to his death a prominent citizen of Woodward, Okla., where he was a leader at the bar and in politics. For the past six months Temple Houston has been an invalid. He was in the hospitals at Wichita and Topeka, for four or five months immediately preceding his death. In many respects Temple Houston resembled his distinguished father. He was loved by men for his sterling manhood and his devotion to his friends. He was striking in appearance, being more than six feet tall and of robust build. He affected long hair and was probably known by sight to more men than any other citizen in Oklahoma. He leaves a widow and several children, the oldest, a boy, is named for his celebrated grandfather.

### TEXAS TEAM.

Those Who Will Attend the National Shoot at Seagirt, N. J.

Austin, Aug. 17.—Adjutant General Hulen has given out the names of the successful contestants at rifle practice at Leon Springs who will compose the Texas team for the national shoot at Seagirt, N. J. They are: Sergeant D. F. Dickson, Hillsboro; Corporal M. Cook, Tyler; Sergeant M. L. McDonald, Mexia; Corporal G. C. Malone, Hillsboro; Sergeant James Dolan, Galveston; Private Stephen Riding, Amarillo; Sergeant Hugh H. Hill, Caldwell; Sergeant Homer Hooker, Cleburne; Private Wipprecht, Timpson; Corporal L. E. Green, Waco; Corporal Reed, Decatur; Sergeant Jesse Jackson, Austin; Private W. L. Dickson, Cleburne; Second Lieutenant Fred O. Post, Waco; Captain J. T. Adkinson, Bremond; Sergeant Derby Laredo, and Colonel O. C. Guessaz, captain of team, San Antonio. Members of the team belong to local companies in their respective towns.

Josephine State Bank of Josephine, Collin county, has been incorporated. Capital stock is \$14,000.

The railroad commission took up the question of icing charges on refrigerator cars, looking to readjustment. Testimony was offered by witnesses in favor of readjustment, tending to show that in many instances freight and icing charges exceeded the price for which the shipments sold in markets of Kansas City, St. Louis and Chicago, and as a result of which the fruit industry will have to be abandoned altogether unless the commission, with the intervention of the interstate commerce commission, will regulate charges. The commission took the matter under advisement.

### SUGAR FAMINE OVER.

About Ten Carloads of the Staple Have Arrived at Beaumont.

Beaumont, Aug. 17.—Wednesday witnessed a complete sugar famine here, owing to the New Orleans quarantine, which has interfered with shipments of refineries. The Mallory steamship Nueces, from New York, brought in a large quantity of sugar, from New York, and a carload was immediately sent to Beaumont by a passenger train. A famine here was narrowly averted last week, but plenty of the household article is here now. Many places in the state are said to be on the verge of a sugar famine. About ten carloads have been received here for distribution.

### FATAL DERAILMENT.

Engineer Coyne Loses His Life and Fireman Ely Injured.

Houston, Aug. 17.—A Houston East and West Texas railroad train en route to Shreveport was derailed between Goodrich and Livingston Thursday morning. Engineer Edgar Coyne was killed and Fireman Ely injured. Several passengers were slightly injured.

### HAD NO SECONDS.

Deed of Miners Results in One Death and Arrest of Survivor.

El Paso, Aug. 17.—Lee Taylor and E. P. Bearrup, two miners, alone in the mountain of Mogollon, in New Mexico, quarreled over a mine and fought a duel for it. Taylor was killed and Bearrup was under arrest. They used pistols and the fight was without seconds.

### Two to Eleven Points.

New York, Aug. 17.—Cotton market opened weak at decline of 2 to 11 points.

### CAUSE OF HAY FEVER.

Hyomei the Only Cure—Gives Change of Climate in Your Own Home.

Fifty years ago hay fever had not been named, but undoubtedly people suffered then as now with sneezing, watery eyes, excessive running at the nose.

The direct causes appear to be heat, dust, and the pollen of flowers, and the only treatment that physicians recommended prior to the discovery of Hyomei, was a change of climate.

Now by using Hyomei you can save an expensive trip to the Mountains, and escape weeks of suffering.

This remarkable treatment kills the germs of the disease and soothes and heals the irritated mucous membrane. It really gives you in your own home a change of climate, and hay fever sufferers know from past experience that this is the only thing that has afforded them relief. By breathing Hyomei a few times daily, you can save the expense of a trip to the Mountains and avoid the dangerous hay fever.

The complete Hyomei outfit costs but \$1 extra bottles, 50 cents, and consists of a neat pocket inhaler, through which Hyomei is breathed, and which will last a life-time, a medicine dropper and a bottle of Hyomei. E. J. Jenkins offers to refund the money if Hyomei does not do all that is claimed for it.

### SEVEN DOLLARS & 50 CENTS

buys a good cherry dresser, wash-stand, a bowl and two pitchers. F. H. Selden, old Platner place. 220

John Johnson, an Aged Citizen of West, Expires in an Hour.

West, Tex., Aug. 17.—John Johnson, one of West's oldest citizens, while attempting to cross the railroad was struck by the southbound passenger train and died an hour later of the injuries.

Mr. Johnson came from England, settling in Ohio, and was a member of an Ohio regiment. He fought through the Civil war as a Union soldier. After the war he moved to Missouri, but only stayed there a few years, then came to Texas. He was eighty-six years old.

#### FAIR DIRECTORS MEETING

Last Night—Some Important Business Transacted.

The regular monthly meeting of the Central Texas Fair directors was held last night with a good attendance.

Charlie Dixon, constable precinct No. 1, filed report for quarter; \$1.70 collected. Report approved.

Application of Rebecca Cruse for Confederate pension, approved.

The court will meet again next week to receive the county treasurer's school fund report, and transact other business.

Commissioner W. L. Edge says the Bryan and Macy road is almost impassable in some places, along about eight or nine miles from Bryan. The Bundick bridge is in fair condition, he says, but the road in this county needs attention. This is important for trade considerations, and should be attended to.

People are attending the Holiness meeting at Brightlight by thousands. So many people were present last night, that after the sermon started one could not get within forty feet of the preacher. Miss Lillian Poole is holding the meeting and doing the preaching, and she does not fail to arouse the people.

The spot cotton market, New Orleans, was unchanged today. New York 10 points up. Bryan market was a quarter of a cent up, 10 cents being paid here yesterday. Houston spots were unchanged. New York futures ruled higher.

C. M. Spell will begin to buy cotton seed to-morrow. He is an independent buyer, and will give all the market will stand. His scales will be near S. M. Winters' ice factory. See his advertisement elsewhere.

Bryan has received right in the neighborhood of 300 bales of new cotton. How's that for this early date?

Born to Mr. and Mrs. Albert Worley, yesterday, a son.

Roy Nunn is on the sick list.

#### LOOKS GOOD FOR BRYAN.

Prospects for Fall Trade Were Never Brighter—Why This is So.

The news comes from reliable sources that Bryan is more popular this year throughout its old-time trade territory than it ever was before in its history, and is likely to enjoy the very best season's trade. This information comes from the farmers themselves, and there are good reasons for it.

Some new trading points, supplied with only one railroad, but little capital and lots of windy talk, took a little trade from Bryan during the past two years. They had facilities to buy cotton and ship it away, but when this is said about all is said as to the availability of these towns as markets. The stocks of goods were not there. The prices on goods were not to be had. The farmers tried the new deal and got enough of it, and frankly confess it.

Meantime Bryan was still doing business at the old stand. Her two railroads gave her competitive or common point rates, and she bought goods in the same big stacks and piles that she always did, and sold them, too. She had to hump herself to do it, and her merchants learned some new lessons about low prices, but the lessons learned have been to our advantage. The big stocks had to go, and for several months the town was plastered with banners announcing:

SPECIAL STOCK REDUCTION SALE!

MILL REMNANT SALE!

MAMMOTH AND ONLY MILL END SALE!

SPECIAL Big DISCOUNT SALE!

TEN DAYS RED LETTER SALE!

MILL END SALE!

SALVAGE SALE!

# TOO HOT

**STATE FAIR OF TEXAS**  
DALLAS, TEXAS

SEPTEMBER 30--OCTOBER 15, 1905

ANNOUNCEMENT.

The present organization, known as the State Fair of Texas, stands today without a parallel in the history of Fairs. It is owned and managed by some fifteen hundred of the most prominent citizens of Dallas, who have donated the money to build a fire-proof auditorium and exposition building on the Fair Grounds, costing \$100,000 and in addition to this have advanced the princely sum of \$90,000 for premiums, purses and attractions that the Fair of 1905 may go down into history as the largest and grandest event of its kind ever given in the Southwest.

Every stockholder of this institution has signed an agreement to donate his stock for the good of the cause, and under a contract with the City of Dallas, it is agreed that no officer nor director, other than the Secretary, shall receive any compensation for his services and that every dollar earned by this Fair during the next twenty years shall be expended in the effort to make each succeeding Fair better than the last.

The gates of the Twentieth Annual Fair will open at 10 a.m. Sept. 30, 1905, the Fair continuing sixteen days.

During this period the public is assured of sixteen days solid pleasure and recreation, as well as the opportunity of seeing the largest and best display of live stock ever collected together in the South.

The lovers of speed horses are assured thirteen days racing with high-grade horses, competing for purses aggregating \$30,000, and last, but not least, the homeseker will have an opportunity to examine a complete display of the varied resources and industries of Texas, as well as those of her sister states.

For further information and details address the State Fair of Texas, Dallas, Texas.

Yours respectfully,

**STATE FAIR OF TEXAS**

C. A. KEATING, President.  
SYDNEY SMITH, Secretary.

**CHURCH-DOOR TRAGEDY.**

**Two Policemen Were Killed and a Woman Fatally Shot.**

Czestochowa, Russian Poland, Aug. 18.—Two policemen were killed and a woman fatally shot here by an unknown man at the doors of the Church of the Virgin. A pilgrimage was leaving the church after the celebration of mass when the assault on the policeman took place. The pilgrims were thrown into a panic and a fearful crush ensued, in which many were injured.

**THROUGH OPEN DRAW.**

**Frightful Accident Reported to Have Happened to a Train.**

Norfolk, Va., Aug. 17.—A report received here says an excursion train over the Atlantic Coast Line railway from Kingston, N. C., bound for Norfolk, shot through an open draw near Bruce's Station, about seven miles from Portsmouth. The train was bringing some 500 persons. Many people were reported killed and injured.

**CITRUS CROP.**

**From Present Indications Coming One Will Be a Record Breaker.**

Los Angeles, Cal., Aug. 17.—From recent estimates made the citrus crop for the next year will be a record breaker. That there will be upward of 35,000 carloads is certain, and the aggregate may reach 40,000 cars. The current year ends Oct. 31 with shipments that will total more than 30,000 cars. The daily average now is about twenty carloads.

Returns for shipments this season show the Southern California Fruit Exchange distributed \$7,000,000 to growers for fruit shipped for members. Close calculations upon the output for next season place the net amount that will come to growers at about \$12,000,000.

**NEICE TAKES HIM.**

**Aged Broker Will Not Have to Reside at Poorhouse.**

New York, Aug. 17.—J. T. Raplee, an aged broker, said to have been once worth \$500,000, and who recently obtained refuge in the Westchester poorhouse after having lived up to his fortune, was rescued by a stylishly dressed woman who said she was his niece. The woman told the officials that she had made arrangements to keep him for the remainder of his days.

"My uncle has no excuse for being in the poorhouse," said she. "If he had taken care of his money he could now be living in a mansion on Fifth avenue."

**KOMURA'S GIFT.**

**Donates Five Hundred Dollars to Japanese School at Seattle.**

Seattle, Aug. 17.—President C. Takanishi of the Seattle Japanese association received \$500 from Baron Komura, donated by the distinguished statesman of Nippon to the Japanese school in this city on the occasion of his visit to Seattle last month. The course of the school consists principally of the Japanese language and literature.

**Logan Goes to New York.**

Fort Worth, Aug. 17.—J. M. Logan of this city, one of the national bank examiners for Texas, has been transferred to New York. The transfer was authorized by the comptroller of the currency. It is not known here whether the transfer will be made permanent or not.

Shreveport has ordered 10,000 pounds of sulphur and a quantity of insect powders from New York for sanitary purposes.

In a difficulty between two negroes near Kerens, Tex., Sam Fisher was stabbed to death. Major Blackmon surrendered.

For Sale by Emmel & Maloney.

**YOUNG LYNCHED.**

**He Confessed to Having Killed Perry, but Did Not Intend to.**

Memphis, Aug. 17.—A Commercial Appeal special from Lake Cormorant, Miss., says that Henry Young, the negro who shot and killed Edward E. Perry on the Bass plantation near Lake Cormorant last Sunday, was taken from Sheriff Withers and a deputy Wednesday night and at the scene of his crime changed by an armed mob. The negro confessed his guilt, but pleaded that he did not intend to kill Perry, a pistol, for the possession of which they were contending, he said, having exploded. The mob numbered about 100 men. Young was captured Wednesday morning while fording a river to reach his father's cabin on an island. Sheriff Withers, who, with a posse of forty men, had been scouring the country for the negro, was notified of the capture and took possession of the prisoner. Hastening with the negro to the town of Tenton, where he proposed taking a train for Hernando, the county seat, the sheriff was confronted at the station by the mob and before he could make an effort at resistance, was overpowered and his prisoner taken from him. The mob then proceeded to the Bass plantation with Young and hanged him to a tree.

**SETTLED IN PRINCIPAL.**

**This Action Taken on Article Seven, but Eighth One Accepted.**

Portsmouth, N. H., Aug. 17.—Sato gave out following: "At the Wednesday afternoon session of the conference articles seven and eight were discussed. Article seven was settled in principal, and article eight accepted unanimously. The conference at 6 o'clock adjourned until 9:30 Thursday morning."

Article seven is the cession of the branch of the Chinese Eastern railroad from Harbin southward and article eight provides for the retention by Russia of the portion of the line through northern Manchuria connecting the Transsiberian road with Vladivostok.

**ETHAN ALLEN TOWER.**

**Memorial to Revolutionary War Patriot Dedicated at Burlington.**

Burlington, Vt., Aug. 17.—Vermont's state holiday anniversary of the battle of Bennington was signalized by the dedication of a memorial tower to the Revolutionary war patriot, Ethan Allen at this city. Vice President Fairbanks was the principal speaker. President Roosevelt was represented by Secretary of the Interior Hitchcock. Governors Bell of Vermont and McLane of New Hampshire also participated.

**PRESIDENT GREETED.**

**Oklahoma Eagles Want National Home in Their Territory.**

Denver, Aug. 17.—Delegates to the grand aerie, Fraternal Order of Eagles, adopted a resolution extending hearty and respectful greetings to the most illustrious member of the order, Theodore Roosevelt, president of the United States, and a member of the Cheyenne, Wyo., aerie No. 128."

The aerie in Oklahoma have made known their desire to have the national home in Oklahoma should the grand aerie decide to father such an institution. Hertofore Montana has stood practically alone in the demand for the home.

**DRISCOLL SPOKE.**

**Appeals Committee Recommended the Expulsion of Shelby Smith.**

Toronto, Aug. 17.—Colonel F. Driscoll, commissioner of the Publishers' Association of America, addressed the International Typographical Union Wednesday. The commissioner expressed the hope that the two associations would renew their present agreement.

The appeals committee recommended that Shelby Smith, publisher of the Trades Union News in Philadelphia, be expelled, and that the local union be directed to expel him within thirty days under penalty otherwise of losing its charter.

**ELOPERS FOILED.**

**Father of Miss Prevents Her Marriage to Her Sweetheart.**

Anadarko, Okla., Aug. 17.—Miss Helen Wrightman of Lawton is under arrest in this city by orders from her father on the charge that she was under age and had run away to marry one C. J. Wood, also from Lawton. The couple appeared at the probate court room and asked for a marriage license, and while waiting Sheriff Thompson arrested the girl. She insists that she is eighteen, but her father says she is only seventeen. Young Wood is twenty. They are of highly respected families.

**DALLAS SHUT OUT.**

**Waco and Temple Winners in the Games of Wednesday.**

In the Texas Baseball league games Wednesday Waco defeated Dallas four to nothing, while Temple was successful over Fort Worth, score being four to one.

**Great Grief and Head Shaving.**

Among the ancients shaving the head was a very common mode of expressing great grief or sorrow. Sometimes it was done by the priest or some other religious functionary formally cutting off the hair, sometimes by violently plucking it out by the roots. In extreme cases among men the beard as well as the hair was either cut off or plucked out. The idea seems to have been that mourners should shave themselves of that which under ordinary circumstances was considered most beautiful, ornamental and becoming. Lucian—and he is not the only one of the ancient writers by any means who gives points on this queer mourning custom—says that the Egyptians expressed their intense sorrow by cutting off the hair upon the death of their god Apis and that the Syrians acted in the same manner at the death of Adonis.

Olympiodorus remarks concerning Job 1, 20, that the ancients, among whom long hair was regarded as an ornament, cut it off in times of mourning, but that those who commonly wore it short suffered it upon such occasions to grow long.

**Irish Surnames.**

There is a magnificent sonority in the names of MacGilliamoholmoe, MacGulshenan, MacOiraghthy, O'Doyle, O'Howley, O'Quigley, O'Mulclohy and O'Mulmoghery. Many of the names are extinct, but a large proportion are still in evidence, and what is more, in nearly every case the families bearing them are to be found in the same localities formerly inhabited by them—Doherty in Donegal, Driscolls in Cork, Macdermotts in Connaught, Meaghers in Tipperary and O'Sullivan in Cork and Kerry. It is a notorious fact that many of the families which have come to be regarded as typically Irish are of alien extraction. Thus the Plunketts are of Danish origin, the Burkes, Dillons, Roches, Husseys and all the tribe of Fitz are Anglo-Norman, while the Mitchells are English.—London Spectator.

**A Tooth.**

A tooth is a living structure. Inside of each tooth is a cavity filled with pulp, which gives it life. Nerves and blood vessels connect this pulp with the general system and circulation of the body. The ivory surrounding the pulp is covered over by a surface of enamel. Both ivory and enamel are harder than any other bones, because they contain a greater quantity of bone earth. Enamel on the tops of the teeth is one-sixteenth of an inch thick. It consists of little six-sided prisms placed side by side and held together by an exquisitely fine cement. The pulp of the tooth becomes diseased and toothache follows. Tartar is a secretion made by three glands in the mouth, full of small, living organisms, which assimilate matter in the saliva and deposit it on the teeth in the shape of phosphate of lime.

**Living Mummies.**

Living mummies exist in Tibet, near Gyantse, at a spot the name of which in English may be rendered as "the Cave of Happy Misery." There are about twenty small caves in the solid rock, each built up in front with stones and mortar. They have padlocked doors, tiny drains and small holes just sufficient for a man to pass his hand through. In these cells men are buried for life with the idea of thus "attaining merit." Once interred they are, in extreme cases, never seen again by mortal eye. Even the hand which they stretch forth from the small hole for their daily dole of food is covered by a glove. They speak to no one and no one speaks to them. Even their death is only made known when they fail for several days to stretch out the hand for food.

**Persian Way of Eating Watermelon.**

"The ordinary Persian bill of fare sounds something like the banquets described in fairy tales," said a man who has spent some time in the orient. "While traveling in that country I found that the best overture to a way-side repast is a watermelon, not cut in slices, as is done in this country, but eaten like an egg, one end being cut off and the contents eaten with a wooden spoon, the roseate fluid trickling all the time to the bottom and affording a fragrant drink when the first course is over."
